****Objectives of the Training (Targeted Skills, Knowledge Acquired at the End of the Training)**:**

The general study framework focuses on legal topics related to legal and judicial professions. The legal reforms in Algeria have altered the nature of these professions, which has created a demand for specialized legal training. Students in this Master's program will interact with professionals in the field. The program aims to prepare students for various judicial and legal professions, with a focus on practical training while ensuring a deep understanding of the material. The courses have been designed according to the needs and inputs of professionals involved in the program's preparation.

The training is multidimensional in various aspects:

- Scope of the studies
- Involvement of professionals in the training
- Supervisory and research team available at Bejaia University

****Qualifications and Skills Targeted (Regarding Professional Integration)**:**

The professional specialization in legal and judicial professions focuses on preparing students for the following careers:

- Notaries, judges, bailiffs, expert witnesses, public auctioneers, corporate and institutional lawyers, prison administrative staff, judicial police officers, court clerks, etc.
- General study topics include:
 - Contract applications
 - Legal management of institutions
 - Procedural and judicial law
 - Alternative dispute resolution methods
 - Notary law
- Legal techniques in banking and insurance
 - Legal English

****Regional and National Employment Potential for Graduates**:**

This specialization prepares and trains legal professionals specialized in judicial professions. Graduates of this Master's program are mainly prepared for careers in:

- Legal practice, corporate law, business law, banking and insurance law, law in

associations or trade unions, construction and real estate development law, mixed-economy company law, corporate consultancy, tax consultancy, bailiff services, court clerk positions, auctioneering, notary public, prison administration, judicial police officers.

- ****Bridges to Other Specializations:****
Currently, no bridges to other specializations are available.
